Membership Application

Requirements:

Anyone can join: Society members are expected to have an interest in succulent plants. That's it!. We have no other requirements for membership (other than, of course, the payment of your dues).

Membership Types:

Individual Annual Membership: (Dues are \$25.00, paid annually, on a calendar year basis.)

- This type of membership is available for anyone wishing to help support the Society on a year to year basis. Dues received by the Society for individual memberships are deposited in the Society's general fund where they are used to help pay for the Society's Scholarship program and the maintenance of the Gardens.
- The first payment for an annual membership will be applied to the current calendar year — except when a new member joins during the last three months of the calendar year, in which case their first annual dues payment will also include a paid-up membership for the immediately following calendar year..

Lifetime Membership: (Dues are \$250.00, paid once, at any time.)

- This category lets you avoid the need to make annual dues payments. Lifetime Members may be either active or inactive participants in Society activities. The money paid for a Lifetime Membership goes into the Society's Endowment Fund. Lifetime Membership payments are income tax deductible. (We are a federally registered charitable organization.) There are absolutely no restrictions on who may become a Lifetime Member, or when they may do so. Many applicants choose this option when first joining.
